## saver plan and disability plan

**Tax-free savings and Disability Plan from the Friendly Society.** Railway Enginenen's Assurance Society, looking after its Members and their families for the future.

### Who are we?

**Railway Enginenen's Assurance Society is a Friendly Society which has been looking after the financial needs of Railway employees since it began in 1865.**

Railway Enginenen's Assurance Society is controlled by a Committee who mostly work within the railway industry and have your best interests at heart. Your premiums will be invested in a wide range of government stocks (sometimes called gilts), corporate bonds, equities and bank deposits.

### What is the Saver and Disability Plan?

The Saver and Disability Plan from Railway Enginenen's Assurance Society offers you the peace of mind and financial security should you be permanently removed from your duties because of a disability. This is also combined with a tax-free lump sum at the end of the saving plan, or earlier in the event of death.

The Saver and Disability Plan is a long-term saving plan that is an affordable way to save tax-free - giving you peace of mind that there is a lump sum put aside for a rainy day or in the unfortunate event that you are unable to work through a permanent disability.

### How does it work? It's simple...

To join the Saver and Disability Plan all you need to do is commit to save for a minimum of 10 years. We can deduct your savings contribution directly from pay, and the more you save, the more you could receive when your savings plan matures.

Each member of the saver and disability plan will be allocated a Guaranteed Sum Assured. This is the minimum amount you will get back when your savings plan matures, or earlier in the event of disability or death.

### Can anyone join? Only selected employees are eligible...

The Saver and Disability Plan is only open to railway employees who hold Personal Track Safety Certification.

### Is life cover included? Yes...

As a Saver and Disability Plan policyholder you will receive built in life cover with your policy. In the event that you die during the agreed savings term, the Guaranteed Sum Assured or the value of the policy, whichever is the greater amount, will become payable.

### Why is it tax-free? Because it has a special tax status for Friendly Societies

Tax-exempt policies from Railway Enginenen's Assurance Society enjoy a special tax status afforded to members of Friendly Societies under current Government legislation. So, if you save no more than £5 per week, for a minimum of 10 years, the Society is not liable to suffer tax on the capital gain or investment income arising from the Saver and Disability Plan, with the exception of tax deducted from dividends on shares.

### What happens to the profits? We share them out...

In return for becoming a Saver and Disability Plan policyholder, you will automatically receive a share in the profits of the Railway Enginenen's Assurance Society. Each year a Reversionary Bonus may be added to the Guaranteed Sum Assured - once added this bonus can't be taken away.

### What if I want to cancel my policy before the minimum saving term? We will give you an opt out sum...

If you decide to stop paying into the Saver and Disability Plan, the Society will offer you a surrender value. This could be less than you have paid in. If you surrender during the first year there is no surrender value. As long as you continue to save for the life of the plan you will receive on maturity, the full value of your policy as a tax-free lump sum.
